

Band Requirements - CAMILLOCROMO

- Instruments that need amplification are: drums, accordion, clarinet, trumpet, trombone, susaphone, and vocals.
N.B. Clarinet, trumpet and trombone need to move on the stage for theatrical gestures while they are playing, so they need to be captured by 2 condenser microphones in long distance.
- Minimum stage size required meters 6X6
- 4 monitors (see the stage plan)
- Stage Lighting Plan: white lights above the entire stage. When a light technicians is available please contact us for more details.
